GRADUATES OF THE CLASS OF 1968

To the class of 1968 I extend my heartiest congratulations. Your class has distinguished itself by its significant leadership in many areas. Never before in the history of this great country of ours has the need for experienced leadership been more evident. In years to come, your class will be remembered for its exploits on the football field. Their fine record of victories will be a highlight in the young history of Burrell High School. Your accomplishments in the classroom equally match those on the athletic field. May the members of your class be successful in their chosen field of endeavor.

William F. White

MR. HUSTON — Assistant Supervising Principal

It is my belief that the success of the school, like the success of any other institution, depends upon the extent to which it serves present needs and can accommodate itself to present-day social, economic, educational, and political contingencies. In a rapidly changing social and political structure, no institution can be in the forefront or even keep up to date unless it has the capacity and ability to make changes in its structure, in its methods, and in its purposes in order to serve the community. As recent graduates, it is your responsibility to encourage social and educational change wherever and whenever it is beneficial to do so.

Charles Huston

DR. TOTH — Principal

Life is the passing of time,
To most, the meaning unknown.
With happiness, the worth of life is great;
Thus a minute — a day —
A life passes
Leaving a remembrance of each.

But a life gone is far more great;
The impact more strongly felt.
Time passes — comes to an end —
And that life holds
A special place in the hearts remaining.

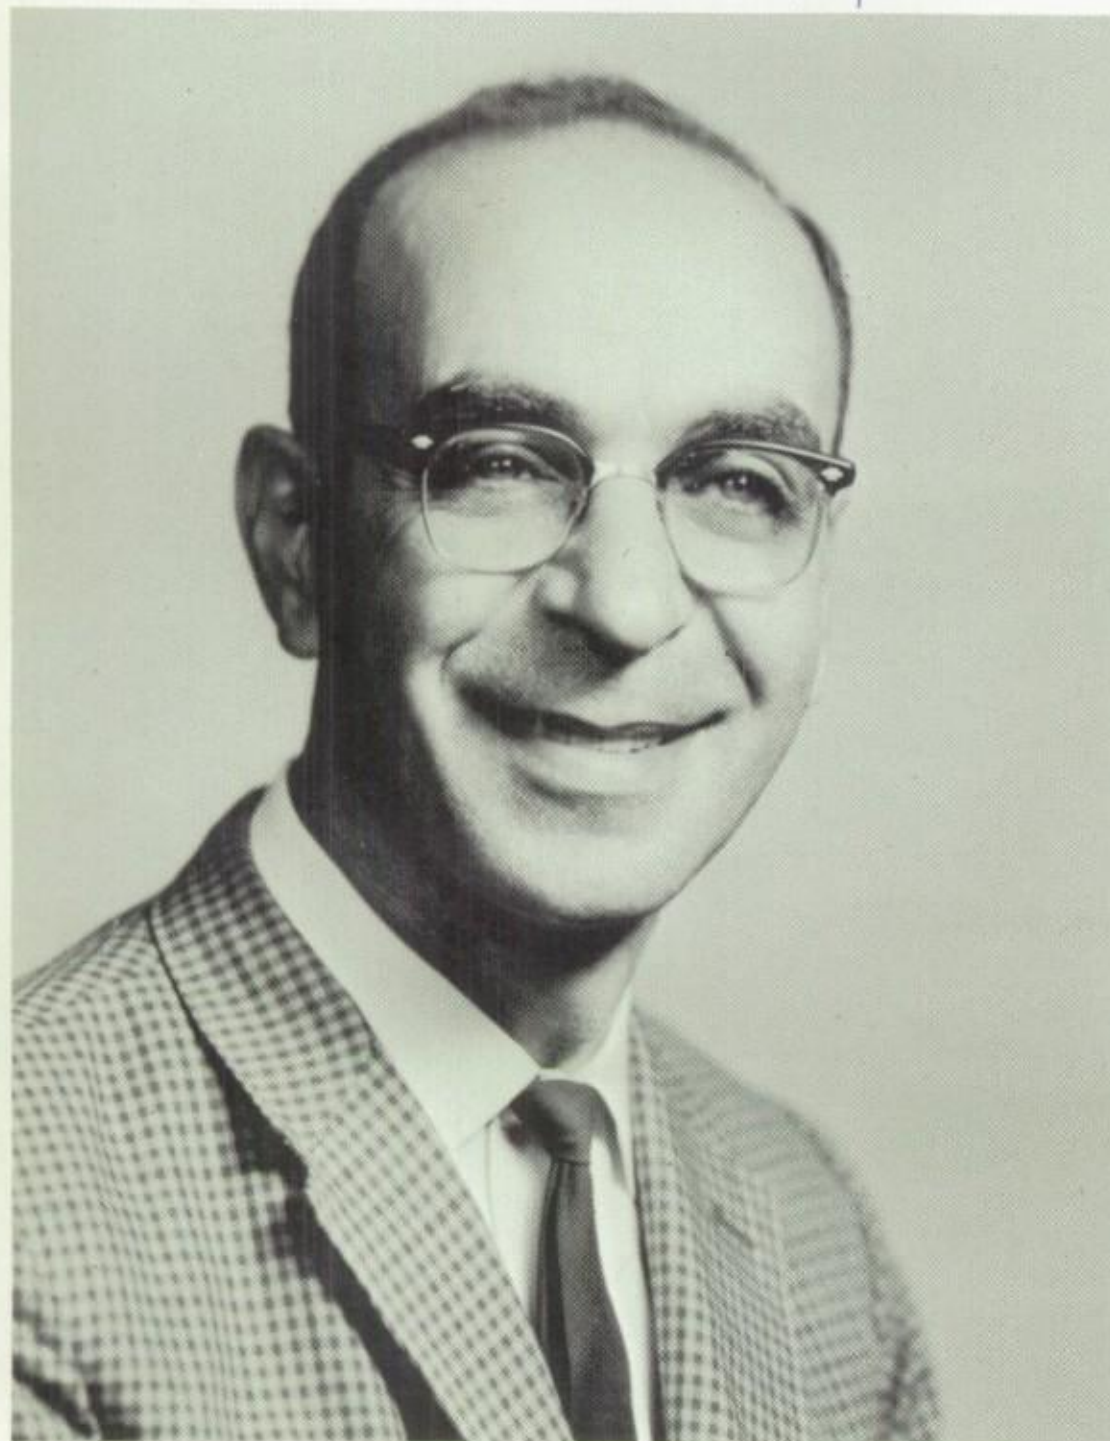

— Died March 11, 1968 —

Congratulations and best wishes to the class of 1968. I challenge you to keep an open mind. The person with the open mind never becomes a slave to prejudice; he does not follow the crowd because it is the thing to do, he has no raucous claims for self, he is not cynical. Through the open mind you develop ability to make decisions, to face the facts and to follow your decisions faithfully because they are based on fact. The open mind seeks the truth. Never close your eyes to the truth and do not enshroud your lives in a cloud that will keep out the light. The future is broad and challenging to you, and we trust you will make the most of it. May your memories be pleasant and your hopes bright.

K. F. Toth, Principal

MR. MOSES — Assistant Principal

Congratulations and continued success to the Class of 1968

One of the greatest problems confronting America today is DISSENT. I feel that excerpts from a speech by Professor Boorstin of the University of Chicago are very appropriate.

"It is the distinction between dissent and disagreement I want to make. Disagreement produces debate, but dissent produces dissension. A liberal society thrives on disagreement, but is killed by dissension.

It is worth noting that some of the greatest champions of the right to disagree — Jefferson, Oliver Wendell Holmes, William James, John Dewey and others — were great believers in the duty of the community to be peacefully governed by the will of the majority.

A society of disagreeers is a free, fertile and productive society. A society of dissenters is a chaos leading only to dissension."

Which will you be — a dissenter or a disagreeer?

A. G. Moses

MR. PALLONE — Coordinator of Federal Funds

GRADUATES OF 1968:

Your high school graduation marks only the beginning of your voyage through life. Stimulated by an unknown future, you are undoubtedly eager to peer ahead into the world in which you must take your place as an adult citizen.

Be not shipwrecked on the shoals of treacherous shores by false beacon lights or by wily pilots whose only ambition is to gain by your loss. Seek those harbors which have given men, nations, and the world, peace and prosperity. These harbors are Truth, Honor, Freedom, and Good Will to all.

Congratulations to each and every member of the Class of 1968 in having attained your immediate goal; and to your parents, also, I extend sincere congratulations.

MR. HARTZ — Guidance Counselor

**It Is
Through
Their
Help
That We
Leave B.H.S. . . .**

A senior at Burrell Senior High School in the class of 1968 is many things. He is a freshman, a sophomore and a junior all rolled into one, matured and polished. He is the final product of a careful process, sorted, graded, and stamped. He is the living test of the worth of that process. Happy the school that can point to each and say, "Here is a young man, here is a young woman; take them for all in all."

The school year was a year of fulfillment, accomplishment and of course, hard work. There were the themes to be written, exams to be taken and assignments to be finished. All of that is a part of the past.

There were also other things to be remembered with pleasure, the dances, the athletic events — especially when Burrell won the WPIAL Class A Championship in football — the concerts, the plays, and the graduation ceremonies.

Best wishes to the class of 1968.

To The Senior Class:

The true mark of a distinguished class is not really known by what its members have achieved thus far, but by what each will accomplish with his life. During your elementary, junior and senior high school years each of you experienced a sense of proud accomplishment as you stepped onto another plateau of learning. You should enjoy this same exhilarating feeling on graduation day. However, look upon the day after as a step onto another plateau of learning.

Each of you has had an encouraging start to meet the challenges which lie ahead, but only by continuous learning and proper development of your talents will you continue to find it possible to meet the demands of the future.
